

"I was very positively surprised by the excellent organisation and the high level of the working team. It is great when the people who organise an event are also involved and have a wide knowledge of all the topics of the training."

VERBATIM 2014

MADE IN VENICE ON SAN SERVOLO ISLAND

"Trainers were all excellent as they are high profile professionals. The organisation before the training was absolutely amazing."

Therefore, I was expecting a great training. And actually, I have to say that the training was beyond my expectations"

Ewa KUJAWIŃSKA
Zamek Culture Centre (Poland)

"It's been a real treat to participate. Not only the content of the course is great and trainers/organisers tremendously generous, but we lucky participants had the chance to stay on amazing San Servolo, only 10 minutes away from the Lido and yet so quiet and perfect for a studying environment. I hope this programme will keep on providing amazing ideas, tricks, tips, for other exhibitors to come the way it did to us during this amazing week."

THANK YOU!"
